Lion's Gate

What is Lion's Gate ?

Leo's Rays

New Moon in Leo

The 8 of the 8. Why the 8 ?

The tension between

Uranus and Saturn

I am that and THAT AM I

Sirius has always been important and especially at the time of the great Egyptian civilization.

Lion's Gate

Each year The "Lion's Portal" is activated due to the return of the star Sirius to our night sky.

From 26 th July to 12th August each year, the Earth, Sun and Sirius come in alignment under the sign of the Leo. This creates the Lion's Gate Portal.

Sirius, the closest star to our universe is the Greater Sun. Our sun is a lens for the Sirian energies.

When the Sun and Sirius meet their energies combine and Earth, via her Heart, the Hierarchy, becomes the recipient of those intense energies.

This symbolises an opening of a cosmic portal between the Physical and Spiritual Realms

Leo is a funnel for

Ray 1 Will and Power

Ray 5 Science and Truth (also Aquarius)

The 3 suns are the Rulers of Leo

Physical Sun (Ray 2 Love-Wisdom)

Central Sun (Neptune - Ray 6 Devotion)

Spiritual Sun (Uranus R7 Magic, Order)... in
link with Uranus in this new moon

THE CENTRAL SPIRITUAL SUN

New Moon, New Sirius Rising

The new moon is a time to set intentions and launch new projects.

Since new moons happen once a month,

We can see them as little cosmic resets.

The new moon is an ideal time to set intentions and goals that you'll develop as the moon waxes toward fullness.

Sirius rising in our sky is like a new birth, an other new cycle.

A good moment to set an intention for our Spiritual Self

Sun conjunct Moon represents the end of one cycle and the beginning of another new 28-day cycle. It gives an invigorating burst of energy and initiative. So this is an excellent time for making a fresh start

New Moon square Uranus (R7) brings sudden and unexpected change, instability, chaos, and revolution. This New Moon is also in opposition to Saturn, authority and structure

Struggle between
Past and Future;
Restrictions and Freedom

This Leo New Moon is a magical time to connect with our Higher Self. Consciously connecting with our Higher Self allows us to reach a new space of freedom and power. *"The Truth shall set us free ».*

Set an intention

Think about what you want to create in your life. Allow this creation to come from the heart and direct it to the world of physical manifestation. Working from the heart creates Harmony.

This New Moon is a high energy moment of creativity, awakening our power through the connection to the higher frequencies of Uranus, the planet of awakening and changes which is also very active on this new moon. Uranus is also related with the opening of the third eye and the elevation of our consciousness.

This gift from Uranus can be strong under this new moon, on the Lion's Portal

Why 8 of the 8 ?

The number 8 represents infinity.
8 is also the number associated with abundance and higher realms of consciousness

Sirius our spiritual Sun illuminates the truth.
The sun is responsible for radiating life on the physical body. Sirius is responsible for radiating LIFE on the spiritual body.

Infinity 8/8. 8 day 8 month is symbolic of transformation
The sun is a lens for the Sirian energies

The true power of the Leo comes from his mighty Heart. Let us link our heart chakra to the earth's Heart chakra the Hierarchy to the Vibrant Spiritual Sun, Sirius

This Portal activates the Leo energy within us.

Now is the time to connect with our confidence, our potential, our intuition, our love and our courage. The energies of Leo are centered in the heart.

The heart is a spiral of Love that descends from the monadic level. May this spiral of Love be our guide.

«I AM THAT AND THAT AM I»

I am. This is the world of the personal, selfish, individual consciousness of Leo.

I am That. The Universe of Leo expands here towards the Higher Consciousness which prepares us the arrival of the Age of Aquarius.

That I Am. It is the Light of the Soul that radiates the personality.

I am the Soul

I am the Light Divine

I am Love

I am Will

I am fixed design

«I AM THAT AND THAT AM I.»

Leo stands in a unique relationship to the sun at the heart of our solar system. The planetary and systemic alignment established at this Festival is a **heart/soul alignment**. The heart of humanity, the heart of the planet--the spiritual Hierarchy--and the heart of the sun create the channel which extends to Sirius, that great "star of initiation" within the universe. Sirius has a unique relationship with our planet Earth and through Sirius the pure energy of love flows through the solar centre and into the planetary heart.

This alignment is evocative of the cosmic principle of Love and Freedom, both of which flow through Sirius and Leo into our range of awareness. These two principles are making an increasing impact on human consciousness, affecting all areas of life. As we seek to work with these energies and to cooperate with the spiritual Hierarchy of the planet, the result should be the increasing manifestation in humanity of the principle of Love and the freeing of human life from the bondage of materialism and all that tends to imprison the human spirit.
