International Network for Energy Healing

PREVIEW ONLY

Volume 32, 2017

# INTERNATIONAL NETWORK FOR ENERGY HEALING

This Network, whose keynote is World Service, is non-sectarian, non-political and international in its thinking. It recognises Life as the primary source of power. We can channel this energy for healing and when this takes place Spirit, Soul and Body integrate to become whole.

## Aims

- To facilitate Esoteric Healing
- To help anchor spiritual science in the human Consciousness
- To assist the Plan of the Spiritual Hierarchy for Humanity.
- To encourage group work on inner and outer levels.
- To recognise the need for ongoing self-healing and growth.
- To link up and work with practitioners in the various medical and healing arts and sciences acknowledging the value of diversity.
- To share the understanding of esoteric anatomy and the esoteric causes and prevention of disease.
- To provide seminars and practical training in the principles of Esoteric Healing in the Subtle Energy Field and its integration into everyday life.
- To develop an International Network of Healers, Teachers and Servers to support each other and further the above Aims.

## Editorial

I would like, first of all, to make some personal comments which are also group comments. I have worked with esoteric healing and the etheric network for some 35 years so obviously believe it is helpful to people. However, earlier this year when my husband, Derek, died, I really felt its power myself. The support of the etheric by the INEH group, as in being held together, was tangible in a way I had not experienced before. I had a sense of being etherically cushioned, supported and protected from shock. I would like to thank all those who sent healing, good wishes, love and happy memories. Derek worked alongside me for the IHRN and INEH all those 35 years helping selflessly especially with the Journal. I learned from Netta, Dinah and Brenda. He learned from Michael Cowlin, a scientist by profession, and Derek always kept me tempered by reason in Journal content.

Science seems to be featured more and more in our work. We are finding that quantum theory seems to

tie up closely with our esoteric world view. We see the fact of Spirit and Matter coming together with wave and particle being interchangeable. The 7th Ray is coming into manifestation.

As we expand our consciousness our nervous systems become more stimulated and prone to disease. In this Journal we have many suggestions and exercises for working with the Nervous System, including the Heart as an aspect of Brain Energy. We look at how fear also inhibits both the healthy working of the nerve tissue and soul life; Death being one of the greatest fears.

Breathing and dancing help overcome fear and stress as does a practical attitude to life – “Trust in God but Tie up Your Camel!” This conference idea is also expanded in an article in this Journal into balancing the whole landscape, “God gives us enough water. All we have to do is find a way of holding it in the landscape.”

## **'May healing be given in accordance with the Will of the Soul'**

*DK reminds us that a law is in reality the effect of the life of a greater entity as it encloses or enfolds a lesser within its living processes. In this case Hierarchy is imposing its will upon the Esoteric Groups and Seed Groups. 'You might argue that this statement negates the freewill of the individual unit thus enclosed or enfolded'. It does but only the form aspect. When the group is aligned and in harmony with Hierarchy it realises that 'My Will' and 'Thy will' are the same.*

*So - Laws are imposed and provide the unalterable conditions under which work will proceed. They cannot be evaded. Rules, however, are imposed by the group or individual upon themselves, and they constitute the conditions which it is advisable to follow if we seek success. Much depends upon our understanding of the rules and on our ability to interpret them correctly. This we try to do in our studies.*

## The Great Invocation

From the point of Light within the Mind of God  
Let Light stream forth into the minds of men,  
Let Light descend on Earth.

From the point of Love within the heart of God  
Let Love stream forth into the hearts of men,  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men –  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.
